

Seaside Math Festival Schedule 2023

This is the schedule for the 2023 Math Festival. Please make sure that volunteers show up about 15 minutes before their scheduled time so they can see what activities are done at the different stations. That way they have a better idea of what station they'd like to work at. It would be great if volunteers could sign up for two hour blocks. Upper grade classes often have fewer volunteers. The more support there is, the better the experience for the kids. Thanks!

Thursday, March 9th

Setup and Training - 8:30 – 9:00 AM

Session	Times	Teacher/Rm	Teacher/Rm	Teacher/Rm
(1) One	9:05 - 9:45	Murphy/	Bree/17	Park/19
